

2010 Residential Incentives

Owen Electric offers the following incentives to its members to encourage the selection of energy efficient and environmentally-wise residential equipment. These incentives are good for installations made on or after 11/01/2009.

Heating and Cooling Systems

Rebate requests for heating and cooling systems must meet each of the following requirements, plus any additional requirements for that specific type of heating and cooling system.

- * Work and installation must be completed in the 2010 calendar year.
- * Completed rebate form and copy of invoice or receipt must be submitted to Owen Electric **within 60 days of completed installation.**
- * All installations must be in a stick-built home or a manufactured home on a permanent foundation.
- * All units must be the initial unit in a newly constructed home or the replacement of a gas (natural or propane) furnace, electric furnace, ceiling cable, or electric baseboard in an existing home.

∩ **GEOTHERMAL HEATING AND COOLING - \$300**

Maximum auxiliary strip heat must be limited to 5 kW. Additional strip heat may be installed, but must be staged for **emergency** use only.

∩ **AIR-SOURCE HEAT PUMP- \$100**

Unit must be 14 SEER (Seasonal Energy Efficiency Rating) or higher and an 8 HSPF (Heating Season Performance Factor) or higher to qualify. (Heat pump to heat pump upgrade is NOT eligible for rebate.) **ARI Certificate MUST accompany rebate form.**

Touchstone Energy[®] Homes

Rebate requests for Touchstone Energy homes must meet each of the program requirements, plus any additional requirements for that specific type of Touchstone Energy Home.

- * Work and installation must be completed in the 2010 calendar year.
- * Completed paperwork and copy of invoice or receipt must be submitted to Owen Electric within 60 days of completed installation.

∩ **TOUCHSTONE ENERGY MANUFACTURED HOME - \$300**

- The manufactured home must have the official Energy Star[®] certification plate affixed to the home indicating that it has been built to program specifications.
- The home must have double-pane windows, added insulation, sealed ductwork, and 14 SEER air-to-air heat pump.

∩ **TOUCHSTONE ENERGY STICK-BUILT HOME WITH GEOTHERMAL- \$700**

∩ **TOUCHSTONE ENERGY STICK-BUILT HOME WITH HEAT PUMP- \$500**

Call or visit your nearest Owen Electric office for requirements before you build.
Periodic inspections are required during construction for rebate.
